

**BENEFICIARY OUTREACH EVENT
SSA WORK INCENTIVES AND
RETURN TO WORK SUPPORTS**

Are you a Social Security disability beneficiary and want to know how working will affect your benefits? Are you afraid of losing benefits or medical coverage if you return to work? **Join us for our Beneficiary Outreach Event** and learn about these important topics that will help your return to fulfilling work again:

- Did you know, if you receive SSDI benefits, that you can work for up to 12 months with no earning limit, and keep your SSDI cash benefits?
- Did you know that if you receive either SSI or SSDI disability benefits, that you are entitled to assistance in the return to work, including career counseling and job search assistance through the Ticket to Work program?
- If you receive SSI disability benefits, did you know you can keep your Medicaid health insurance even if you are not entitled to an SSI cash benefit due to earnings?
- Would you like to know more about resources that can help you plan for the future and become more financially self-sufficient? (For example, home ownership, saving for retirement, college or other related needs.)

Learn more about Work Incentives through the Social Security Administration and how they can help you to return to work successfully, plus additional programs and services you may be eligible for! **There is no cost to attend this event.**
