

Career Advisor Services

RMCEP's Career Advising services are tailored to meet each school's unique needs, whether that is to fill gaps or bolster exciting career and college readiness initiatives. Career Advisors collaborate with administrators, counselors, teachers, parents, employers and higher education/training providers as part of a comprehensive approach to services. Our main focus is to:

Help Students

plan their transition into post high school productive lives at work or in post-secondary school.

Help Parents

become more involved in decisions that will affect their child's future.

Help Employers

by providing them with a new generation of a well-qualified and well-directed workforce.

Unlocking Your Potential: The Role of a Career Advisor is to:

- Assist schools/students and parents with: Career exploration activities including: assessments (interests, work values, personality)
- Career research
- Career pathways/clusters
- Education/training options-Scholarships-FAFSA-job fair prep
- College research and applications
- Career resources/tools
- Workplace skills/expectations
- Job search strategies
- Occupations in demand
- Expectations of a changing workforce, choosing high school courses that will prepare students for success at college and /or on-the-job training
